In English, a preposition travels with a verb. Use it to ask for and give directions in Marlow.

> Em inglês, a preposição não anda sozinha. Nas direções ela vem sempre com um verbo, e o verbo muda conforme a ideia: **movimento** ou **lugar**. Esta folha acompanha as quatro páginas online (Watch, Where do you go?, Drive e Give directions), com os mesmos títulos, a mesma numeração e a mesma ordem.

MOVEMENT	Go **across** Cedar Street. *verbo de movimento*
PLACE	The museum is **across from** the café. *to be*

BEFORE YOU START

A preposition travels with a verb

A preposição anda com um verbo

Read the two patterns. Then look at the words you need.

> Leia os dois padrões. Depois olhe as palavras que você vai precisar.

1 · Movement verb of movement + preposition

Go [**across**] Cedar Street.

Walk [**up**] Station Avenue.

Verbos de movimento: **go, walk, drive, move, run**. Em português um verbo só carrega tudo (atravessar, subir, sair). Em inglês são duas peças: o verbo diz que você se move e a preposição diz por onde.

across = de um lado ao outro da rua. **along** = pela rua, seguindo ela. **up / down** = a avenida vai em direção à placa **UP** ou **DOWN** do mapa (em cima ou embaixo na folha). Você anda **a pé** (walk), **de bicicleta** (ride) ou **de carro** (drive): o verbo muda, a preposição fica.

2 · Place to be + preposition

The museum **is** [**across from**] the café.

The bank **is** [**on**] the corner.

The bank **is** [**on the left**]. It**'s** [**straight ahead**].

Aqui ninguém se move: o lugar só **está** em algum lugar. Por isso o verbo é o **to be**.
