Aim it

Say what an action is for. A verb after to, a new person after so that.

action **to** **verb**

to WHAT FOR? *Serve em tudo*	She runs every day **to** stay fit. We took the highway **to** save time.	Diz o objetivo. Depois vem um verbo na forma base. Nunca "for" + verbo na forma base.
in order to · so as to WHAT FOR? · CLEAR *Mais escrito*	They arrived early **in order to** get good seats.	Mesmo sentido de "to", com o objetivo mais claro. Muito usado em e-mails e avisos.
not to IN ORDER NOT TO · SO AS NOT TO *Formal*	She took notes **in order not to** lose the thread. We spoke softly **so as not to** wake the neighbors.	O "not" vem antes do "to": "in order not to", "so as not to". Nunca "for not".
so that NEW PERSON *Dia a dia*	I am making a list **so that** you can shop quickly. She left the light on **so that** her son could find the way.	Outra pessoa faz a segunda ação: "so that" + sujeito + can ou could (também will e would). Presente: can. Passado: could.
for A NOUN *Dia a dia*	We stopped **for** gas. This pan is **for** frying eggs.	Use antes de um nome, ou de um verbo com -ing para dizer a função de uma coisa. Para a ação de uma pessoa, use "to".
