Medieval Soccer

Once a year in the early spring, our town has a soccer game, played by the rules of around 1,000 years ago. It's a lot of fun but it can be a bit dangerous. There are two teams and you just have to get the ball from one side of the town to the other, however you can. Hundreds of people join in and everyone enjoys playing in it!

Bobby, U.K.

Cresta Run

Part skiing, part surfing, this involves going really fast down a track on the side of a mountain. You use a toboggan, which is a special "car" that travels on ice and you lie down on it. It feels like a real adventure, but it's scary! The tournament started in 1885 and happens from December to March every year.

Beatrice, Switzerland

Kabaddi

This is a very old Indian sport. There are two teams, and a person from each team must run to the other's side of the court and touch as many players as possible without being stopped. If they can do this, they win points. There is a Kabaddi World Cup and India has won every tournament so far. I love playing it and it's a great feeling when you win!
