4 · TELL THE CLASS

She makes, he lets

Na hora de contar, o verbo principal ganha -s

> Só o verbo principal ganha o **-s**. Para o não, use **doesn’t**, e o verbo volta sem -s: **she doesn’t let them go**.

+ s	ask asks · tell tells · let lets · make makes · want wants
+ s	advise advises · encourage encourages · suggest suggests
have	have has: she has them read aloud
after that	no -s: she suggests that he read

The usual mistakes

Os erros de sempre

She ~~make~~ makes her kids do homework.
Ela obriga os filhos a fazer a lição. No relato, o verbo ganha -s.

He lets them ~~to stay~~ stay up late.
Com let, sem to.

She asks them ~~help~~ to help at home.
Com ask, o to volta.

The doctor suggests that she ~~walks~~ walk every day.
Depois do that, nada de -s.

He tells them ~~don’t~~ not to be late.
O não vem antes do to: not to.

Your turn
