READING

Pantomime

A

If you should find yourself in the U.K. at Christmas time, I'd highly recommend getting a ticket for a pantomime (or "panto" as it's often called). It's a particularly British form of entertainment which involves music, silly jokes, and a lot of physical comedy. Male actors dress as women, women actors dress as men, and sometimes people get covered in water! The pantomime tradition began in the eighteenth century with characters from Italian and French theater and plots borrowed from popular stories such as *Cinderella* and *Aladdin*. Today, every theater in the U.K. has a Christmas panto. It's a must-see on your trip.

B

Don't miss our fun-filled family pantomime *Aladdin*, starring TV celebrity Kevin Weston (*Singin' In The Rain, Origins*), children's TV presenter Phillippa Broadhurst (*Sunshine Time*), and local soccer legend Ben Royce.

C

The show was spectacular. We had a group of kids with us from 8 to 15 years old, and there was something in the show for everybody, including the parents. The costumes, the set and the performers were all marvelous. I would only criticize one thing—the people behind us who wouldn't switch off their cell phones. Otherwise, brilliant! Get to see it if you can!

D

The history of pantomime has, no doubt, produced numerous forgettable performances. Few, though, can have let down its audience as badly as the panto *Aladdin*, which opened at the Hippodrome on Friday. While lead performances by talented children's TV presenters Ariadne Louis and Gabriel Soars were entertaining at times, the set was badly designed and the plot was often confusing.

E

May we remind audience members with tickets for our spectacular new panto *Aladdin* that the performance will take place in the Little Theater, so access will be from the doors in North Court. Please have your tickets available.
