A Day at the Hospital

1

Nina always goes to the doctor for a check-up (time). It's a habit she started three years ago. She says it helps her feel in control of her health.

2

Kai came to the hospital (reason). He was playing football when he fell and hurt his ankle. The pain started slowly but got much worse during the night.

Kai waited for about thirty minutes and then a doctor came in. She examined his ankle

3

carefully. He was treated by (person) — she was calm and very professional.

4

Dr. Sofia is very busy this morning. She is (thing) right now. There are five patients waiting and she wants to see all of them before lunch.

5

When Nina arrived, the waiting room was almost full. She found a seat (place) and waited quietly. She read a magazine while she waited for her name to be called.

6

Dr. Sofia asked Kai to describe the pain. He described it (manner). She listened carefully and decided to order an X-ray.

7

The X-ray result came back quickly. It showed (thing). Dr. Sofia explained the result clearly and Kai felt relieved.

Dr. Sofia is now talking to Kai about the next steps. She is explaining the treatment

8

(manner). She always makes sure her patients understand everything.

Nina's appointment was at 10am, but the clinic was running late. Her appointment actually started (time) ⁹. She didn't mind — she was used to waiting at this clinic.

After the appointment, Kai felt tired. He would prefer to rest (place) ¹⁰. He doesn't like staying in hospitals longer than necessary.

Dr. Sofia always gives her patients (thing) ¹¹ at the end of each appointment. She thinks written instructions are more helpful than verbal ones. Most patients forget what they hear but remember what they read.

Kai is feeling better now. He is going to (place) ¹² after he leaves the hospital. His friend is already waiting outside to pick him up.
