The three forms

Every English verb has three forms: base, past, and past participle.

Todo verbo em inglês tem três formas: a base, o passado e o particípio passado.

V1

BASE · forma base

Present, and after to, do, does, will, can.
Presente, e depois de to, do, does, will, can.

REGULAR
I work here every day.

IRREGULAR
I eat breakfast at home.

V2

PAST · passado simples

Something finished, at a time in the past.
Algo que terminou, num momento do passado.

REGULAR
I worked here last year.

IRREGULAR
I ate breakfast at six.

V3

PAST PARTICIPLE · particípio passado

After have, has, had, and in the passive (be + V3).
Depois de have, has, had, e na voz passiva (be + V3).

REGULAR
I have worked here for years.

IRREGULAR
I have already eaten. The window was broken.

> **Regular verbs: V2 and V3 are the same, and you just add -ed (work, worked, worked).**
> Verbos regulares: V2 e V3 são iguais, e basta acrescentar -ed. Irregulares: não existe regra para o -ed, então você aprende as três formas juntas.

HOW TO WRITE AND SAY THE -ED · como escrever e pronunciar o -ed

Most verbs: add -ed
Quase todos: acrescente ed
work → worked · play → played

Ends in -e: add only -d
Termina em e: só o d
like → liked · live → lived

Consonant + y: change y to -ied
Consoante + y: troque o y por ied. Com vogal + y, o y fica
study → studied · try → tried

One short syllable, consonant + vowel + consonant: double the last letter
Uma sílaba curta, consoante + vogal + consoante: dobre a última letra
stop → stopped · plan → planned

Stress on the last syllable: double it too
Acento na última sílaba: dobre também. No inglês americano, travel → traveled
prefer → preferred · admit → admitted

/t/ after p, k, f, s, sh, ch
Depois de p, k, f, s, sh, ch o -ed soa como t, sem sílaba nova
worked · asked · helped · washed

/ɪd/ after t or d
Depois de t ou d o -ed vira uma sílaba nova: "id"
wanted · needed · visited

/d/ after every other sound
Depois de qualquer outro som o -ed soa como d
played · loved · called

> **Worked has one syllable, not two.**
> "Worked" tem uma sílaba só (workt), nunca "work-ed". O som aparece em cada verbo da lista da folha 2, na coluna t, d ou id.
